

# PERSONALISED SUPER HERO ACTION FIGURE

# FIREBOX PHOTO INSTRUCTIONS

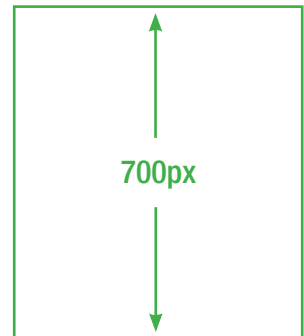

Thanks for buying a Personalised Super Hero Action Figure. Now, all we need are two photos of your head – one from the front and one from the side. Remember, the better the photos, the better your Personalised Action Figure will be.

## CORRECT PHOTOS

### Things to note:

- You have a smashing body, but we don't need to see it. Just your head please – one photo from the front and one from the side.
- Be sure to include your whole head, including hair.
- Please **keep hair away from your face, eyes and lower forehead.**
- Pull any expression you like, just keep your lips together please. **No teeth or tonsils.**
- Please use the same expression in both photos.
- Facial hair and make-up rocks. Wear as much as you like.
- **No glasses please.** They're for your alter ego.
- Use a flash to minimise shadows on your face.
- For digital photos, your face must be at least 700 pixels high. If you're not sure, just use your camera's highest settings. That should do it.
- Please send your photos as jpegs, no larger than 1.5MB in size. Otherwise it'll crash the internet.
- Plain backgrounds only please – no Hawaiian sunsets or 70's kaleidoscope effects.

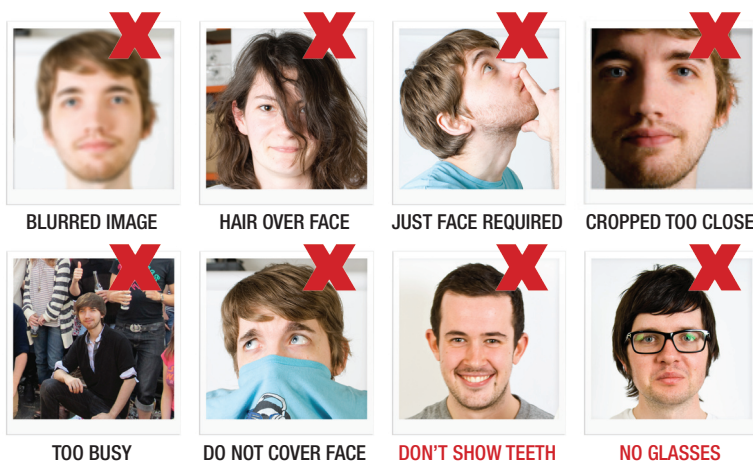

### Please email us:

- jpeg image
- at least 700px high
- no bigger than 1.5MB in size.

Please read the above points carefully, take your photos and upload them!
